

## COMPANY OVERVIEW

We are a service provider for electrical suppliers, electrical contractors, general contractors, owners, and developers. From full package buyouts to QA/QC, project management, and business mentorship, we can help with your end-to-end project needs and requirements. It's that easy.

Here at REV Services, we believe in creating solutions that meet your project needs while strengthening the foundation of a more inclusive industry. Our specialty is bridging the gap between your contract obligations and the skilled partners who are ready to help meet your diversity requirements. In fact, we believe we can exceed those requirements while fostering growth and delivering seamless, high-quality service. Because we're not here just to check a box—we believe in finding partners who are vital contributors to your project's success. In other words—finding the great people to do great work.

**Woman-Owned Small Business**

**Combined 60 Years of Experience**

**Unlimited Electrical License in South Carolina + North Carolina**

## CORE COMPETENCIES

We provide three unique values to our customers:

- ✓ Management services, business acumen coaching, and personal development opportunities for skilled minority contractors
- ✓ Package buyouts via Suppliers and Contractors
- ✓ An "Easy Button" for contractors, joint ventures and scope carve outs

**Your Partner  
in Diversity.  
Your Solution  
for Success.**
